

3rd HUNAGI CONFERENCE AND EXHIBITION Mobile GIS and Related Data Services

Date: March 21-22, 2012

Venue: Budapest

Covered topics include:

Mobile GIS solutions and applications in

- Intelligent Transportation Systems and Passenger Information Systems (traffic safety, dispatching services, asset protection, energy saving optimisation etc.)
- City-logistics
- Disaster response and management, emergency services
- In-situ data collection using mobile tools in implementation of EU policies (in agriculture, environment and nature and renewable resources, energy sector and sustainable development)

Mobile GIS proprietary and opensource softwares

Mobile GIS technologies and tools, interoperability, multimodal harmonisation

Mobile GIS and the Voluntary Geographic Information

Data services: open and business-oriented data sources, data quality and liability issues,

Data policies and mobile GIS: best practices and legislation frameworks in the European Union: public sector information access and re-use (PSI), geospatial data sharing INSPIRE, Implementation in Hungary.

Speakers

Experts of academic institutions, developers, product-, service and solution providers experienced in mobile GIS (including NNG, DigiTerra, Geox, FÖMI, Geodézia shareholding Company and many more) are welcomed. Professionals of HUNAGI-member learned societies and workshops such as Hungarian Society of Surveying, Mapping and Remote Sensing/MFTTT, AM/FM Hungary Geospatial Technology Association/MTE, Hungarian Association of Agricultural Informatics/MAGISZ, Hungarian Urbanistical Knowledge Center/MUT, Hungarian Cascadoss Society are expected to contribute. It is anticipated that the event will attract experts and decision makers of local municipalities and the central government to talk on hot issues. In the Data Session, presentations are foreseen related to best practice in PSI re-use in the mobile GIS context, about the EU FP7 project LAPSI and the Hungarian efforts in PSI implementation.

Invited partner organisations:

Intelligent Transportation Systems /ITS Hungary, HALPIM / Hungarian Association of Logistics, Purchasing and Inventory Management, Hungarian Space Industry Cluster/HUNSPACE (arranging joint sessions).

Targeted audience

Invited governmental officials, market actors (innovators, developers, service providers, users), NGOs, developers, representatives of some local governments and application domains.

Registration

Participants with normal badge:

Valid for Coffee break consumption

Members of HUNAGI , ITS Hungary, MLBKT és HUNSPACE 10 000 HUF/person

Other 15 000 HUF/person

Participants with student's badge:

Not valid for Coffee break consumption

University and College students (Student ID required) free of charge

Exhibition space:

For HUNAGI, ITS Hungary, MLBKT and HUNSPACE members 40 000 HUF/person

Egyéb kiállítóknak 60 000 HUF/person

Space for poster, table, chair, 230V AC.

A card for 24-hour internet access (from noon to noon) is available at the reception.

Advertisement/Marketing tools:

Installed roll up, molino on the spot 15 000 HUF/unit

Poster (pod is required) 8 000 HUF/poster

Sponsor categories:

Gold Sponsor:

140 000 HUF

- One exhibition space
- Space for installed roll up, molino in the plenary/session room
- Logo allocation in the printed programme
- Logo inserted in the event description published on the HUNAGI website and HUNAGI blog

Silver Sponsor:

100 000 HUF

- Space for installed roll up, molino in the plenary/session room
- Logo allocation in the printed programme
- Logo inserted in the event description published on the HUNAGI website and HUNAGI blog

Bronz fokozatú támogató:

30 000 Ft

- Logo allocation in the printed programme
- Logo inserted in the event description published on the HUNAGI website and HUNAGI blog

On-line registration

Planned Conference Structure and Timetable

March 21

Plenary: Mobile GIS and related data services

Opening with HUNAGI, Logistics, ITS, MinNatDevelopm NAIH, Budapest Municipality
Coffee break

Session1: City Logistics

Short presentations

Panel discussion

Session2: Intelligent

Transportation systems

Short presentations

Panel discussion

Coctails

March 22

Session3: Data and Services

Short presentations

Panel discussion

Session4: Volunteer and Social

Geographic Information

Short presentations

Panel discussion

Plenary: Public sector

information and re-use in Mobile

GIS, EU LAPSI, Mobile GIS in

logistics at UN, EUROGI, AGEO
